Extract from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

The Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians, who desire to return to their country, and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England, the desirability of providing themselves before their departure from India with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

2. Father's name and caste.
